

# For Sale to Highest Bidder

**In an effort to settle certain of his affairs after our Uncle Norm Grabowski's recent illness and subsequent passing, we are reluctantly offering one of his favorite rides...**

**Description:** Norm Grabowski loved sporty, high-powered vehicles. One that he previously owned was this 2004 Chrysler Crossfire. Purchased from Ramsey Motors in Harrison, Arkansas, he used it to run to town or for other short excursions... right up to and including much of his illness. Of course it handles like a quality sports car... because it is! Although it runs as smooth as a V-8, it delivers its hefty horsepower via a 6-cylinder block. With 89,900 miles on the odometer, Norm maintained and kept it in "Much-better-than-Used-Car-Lot" condition. He garaged it when he wasn't toolin' around in it.

**If you are the winning bidder, you will also receive an autographed poster of Uncle Norm. And if your winning bid goes over the "original invoice price" of the car, you will also receive the Danbury Mint, "Autographed by Norm" 1/24<sup>th</sup> scale Kookie Kar collectable.**

**Additional Details:** There are a few blemishes: one on the bottom of the front spoiler where he may have struck a curb, and a little wear on the inside console handrest. Other than that, the car has been garaged most of the time and we would say that it is in *very good to excellent* condition.
